## Barbara's Bakery Products Made With Peanut Butter

All Barbara's Bakery Products Are Unaffected By The Recent Peanut Butter Recall

**PETALUMA, CA.** – Recent reports about Salmonella contamination of peanut butter produced by the Peanut Corporation of America (PCA) have resulted in product recalls and questions regarding the safety of consuming products containing peanut butter.

All products made by [Barbara's Bakery](http://Barbara's Bakery), including items and brands in the iconic Puffins franchise, are not affected by the recent recall related to peanut butter. Barbara's Bakery does not purchase any peanut butter, peanuts or peanut products from the identified contaminated source, the Peanut Corporation of America.

Peanut butter for both the Peanut Butter Puffins and Barbara's Crunchy Organic Granola Bars are made under the most stringent safety and quality standards.

Please direct questions regarding Barbara's Bakery and the peanut recall issue to the company's toll free Consumer Relations line, 800-343-0590.

### **About Barbara's Bakery**

Founded as an organic bakery in 1971, Barbara's Bakery, a Weetabix North America company, helped launch the natural foods industry. Closing in on its 40<sup>th</sup> anniversary, Barbara's, located in Petaluma, California, is committed to providing great-tasting, all-natural products and to making a positive contribution to the world with donations to national and local non-profit organizations involved in environmental, hunger, and children's issues.
