MEDIA

DANCE ELIXIR presents MEDIA

For their 2006 home season, choreographer Leyya Tawil, music collaborator Topher Keyes, and Dance Elixir's 19 performers confront the omnipresent world of today's information culture in a new work entitled MEDIA. Grounded in the power, weight, and speed of the human body, Leyya Tawil's choreography has a charged, earthy quality that balances the distant, technological feel of MEDIA's theme.
